presents

KATIE SPOTZ

Row for Water

Thursday, October 7, 2010

Brecksville Community Center

One Community Center
Brecksville, OH 44141

7:00pm - 8:30pm

After 70 days alone at sea, 22 year-old Katie Spotz became the youngest person ever to row an ocean solo. No stranger to overcoming challenges, Katie has run across deserts, cycled across America, and she is the first person to swim the 325-mile Allegheny River. As part of the challenge, Katie partnered with the Blue Planet Network to help a billion people gain access to safe drinking water for life. So far, Katie has raised over $100,000 for clean drinking water. Please join us to hear her amazing story!

Cuyahoga SWCD will also be celebrating the completion of its Rain Barrel Art program. Currently there are 27 painted rain barrels for auction until the end of September. Any painted barrels that have not been bid on will be available for auction at this event. For further details and to view the barrels, visit www.cuyahogaswcd.org

Tickets: $20 *(registration is required, cash or check accepted)*
Call or email Amy Roskilly, Conservation Education Coordinator
216/524-6580, ext 22 aroskilly@cuyahogaswcd.org

Event proceeds will go towards water education programs!
