Parma Residents:

Gov. Mike DeWine recently announced that community playgrounds can reopen. Following is the city's update regarding playgrounds and the Splash Pad:

Playgrounds:

It will be at the parents' discretion to allow their children to play on playground equipment. City staff will be cleaning playground equipment on a regular basis. We also ask residents to follow these two important protocols:

- Parents should sanitize their and their children's hands before and after visiting a playground.
- Parents and their children should maintain six-foot physical distance from others when they are on or around playground equipment.

Splash Pad:

We are developing a plan to safely open the Splash Pad this summer. There are a number of steps to take before reopening. Look for a future announcement regarding the Splash Pad on the city's Facebook page and website.

Thank you for your patience and understanding as we continue to consult with the Cuyahoga County Board of Health and adapt to the latest state COVID-19 guidelines.
