

March 17, 2020

**To All Parma Residents:**

- The Recreation Department has made the difficult decision to cancel all spring soccer events, games and practices as a precaution against the spread of the coronavirus. This decision was made to limit potential exposure to COVID-19 and protect the health and well-being of all individuals involved in these events. The City of Parma is monitoring public health developments and, as always, making the safety of players, coaches, staff and fans a top priority.

Spring soccer season for Divisions 5, 6, and 7 are now **cancelled**. Refunds will be provided to families as soon as reasonably possible.

As conditions allow, all soccer events, practices and games for Tikes N Spikes and Divisions 1-4 are **postponed** until late summer/early fall. The Recreation Department will make residents aware when plans are finalized for the *fall* soccer season.

- Youth Baseball/Softball Registration is **still open**. The Recreation Department is encouraging residents to [register online](#). Due to the COVID-19 pandemic, the Recreation Department is taking precautionary measures and will no longer take registrations in person at the office.
